Chapter 1

The Beginning, of the beginning.

Here you will find possibly the most confusing and pointless piece of sub-section hell imagineable.

1.1 The First section, of the beginning, of the beginning.

1.1.1 The first sub-section of the first section of the beginning of the beginning.

The first sub-sub-section of the first sub-section of the first section of the beginning of the beginning

Obi-Wan and Luke were at a bar. They ordered the giner-ale and samosa. Then he said to Luke:

“Use the sauce Luke!”

And so he did.

One more interesting thing to note is that lorem ipsum is completely dummy.

Chapter 2

Enumeration practice

Things I am good at:

1. Appreciating the Geese
2. Pondering life and the Universe
3. Procrastinating in productive ways
4. finishing lis

Other things that are worth noting about me:

1. I wasn't sure what to write here
2. Read above
3. Almost done
4. I have completed my list!

Chapter 3

Adding Graphics

3.1 Admiring Nigel

Figure 3.1: Just look at Nigel. Isn't he a happy fellow?

Politicians are rich sources of ridiculous faces. Observe the next president of the free world.

Figure 3.2: I think this just speaks for itself really.

3.2 Over-excited politicians

Chapter 4

Using Mathematical Symbols

$$x = \frac{\pm}{-}$$

equation
